WHAT WAS EXAMINED

i. **Serial tag.** The leather tag inside reads "161720 / 002058": style number 161720 (Princy Boston) above supplier and control code 002058, in the two-row format Gucci used at the time. Gucci numbers identify the model and supplier, not the individual bag, and carry no production date.

ii. **Embossing and labels.** The Guccissima GG pattern is evenly spaced and aligned across the panels. The interior leather patch reads "GUCCI made in Italy" in clean, even lettering.

iii. **Stitching.** Even topstitching on the handles, zip-pull tabs and base panels, with a consistent stitch length.

iv. **Hardware.** Square zip pulls engraved with the Gucci script logo, and the Princy bow with pyramid-tipped ends and grommets. The gold-tone finish is consistent throughout.

v. **Lining.** Cream cotton twill with a burgundy and green horsebit print and a zip pocket, as used on the Princy line.

vi. **Construction.** Shape, base corner panels and handle attachments are consistent with the model.

CONDITION: FAIR TO GOOD, WITH VISIBLE WEAR

- Uneven toning and greyish marks on the front panel.
- Darkening on the handles and along the edges.
- Worn edge paint on the piping.
- A small green mark on one zip-pull tab.
- Light surface scratches on the hardware.
- The lining is clean. No tears or open seams observed.
